

# ATMIYA UNIVERSITY

To nurture creative thinkers and leaders through transformative learning.

## Atmiya University

Atmiya University is a private multi-disciplinary university committed to foster knowledge creation and dissemination in various disciplines through value based education. With an academic journey of 30+ years, in 2018, various erstwhile institutions functional under the Atmiya Group of Institutions were brought under the umbrella of Atmiya University. The University is established under Gujarat State Private University Act 11 and is duly recognised by the University Grants Commission (UGC). Various programs at the University are approved by concerned national regulatory bodies like AICTE and PCI.

The motto of the University is सुहृदं सर्वभूतानाम् (*suhradam sarva-bhutanam*) which means well-wisher of all living beings. Under the divine blessing of H.D.H Shree Hariprasad Swamiji Maharaj, the spiritual leader and mentorship of P.P.Tyagvallabh Swamiji, the President of Atmiya University, the University is making great efforts to spread essence of *Atmiyat* (Spiritual Harmony) through education.

The University is located in the heart of Rajkot city, the education and economic hub of the Saurashtra region (South-west part of the State of Gujarat, India). The campus spreads across the sprawling lush green 23+ acres of land with state-of-the art infrastructure, adequate support facilities and excellent landscaping.

Atmiya University has been a leader in introducing and adopting innovative practices in education. Its approach of transformative learning helps in overall development of global citizens of tomorrow. Innovation, multi-disciplinary approach, outcome based learning along with sound student-mentoring ecosystem are some of the distinct features which makes learning at Atmiya University a unique experience.

Value based education is at the core at the University. Along with the professional skills in various domains of higher education, the education model at the University equally focuses on showing the path to enshrine Life Skills (Jeevan Vidya - Human Values) and global sustainability among students. The University is committed to offer one of the most stimulating environment in the pursuit of transformative education by inculcating blend of research and innovation in the creative minds of the youth and for living life to the fullest.

As a multi-disciplinary university, Atmiya University offers diploma, undergraduate, postgraduate, postgraduate diploma and doctoral programs in areas such as Engineering & Technology, Science, Business & Commerce, Paramedical sciences and Humanities & Social sciences.

## Sarvoday Kelavani Samaj Trust

The Sponsoring Body - Yogidham Gurukul

The academic facilities in the Saurashtra and Kutchh region of Gujarat state were sparse which persuaded **Sarvoday Kelavani Samaj Trust** with righteous endeavours to conceptualize the academic institutions that match the Global Academic Standards.

**Sarvoday Kelavani Samaj Trust** has invested its vast resources in optimal planning, executing & strengthening the best of infrastructural learning facilities in its schools, colleges & university located in Rajkot - the centre of Saurashtra region of Gujarat state.

**Yogidham Gurukul** - a 21<sup>st</sup> century spirituo-educational commune spreads over 23+ acres of land. It houses educational facilities ranging from KG to PG as well as Research in the contemporary areas of Science, Pharmacy, Technology and Management. The Campus has attained eminence above every seat of learning and won the praises of the academicians, patrons, philanthropists, bureaucrats, elected representatives of the state and men of wisdom from different beliefs by virtue of its antiquity, curriculum, doctrine and privileges.

'The commune', voices **Hon. Venkata Chaliah, Hon. Former Chief Justice of India**, 'is synonymous to an Ashram set up with a sole endeavour of developing the students intellectually, socially, emotionally and most important spiritually. **Yogidham Gurukul** ensures and instill Human Values in each stakeholder through its Forum of Universal Human Values.'

'This process of imparting self-knowledge' articulated by **Hon. Former President Dr. A.P.J. Abdul Kalam**, 'would promote a learning atmosphere, where this whole movement of inquiry into knowledge, into oneself, into the possibility of something beyond knowledge would bring about naturally a psychological revolution.'

The symphony of teaching-learning at Yogidham Gurukul have attained the National and state laurels under the blessings of **H.D.H. Shree Hariprasad Swamiji Maharaj** and visionary leadership of **P. P. Tyagvallabh Swamiji** - President, Atmiya University. The synthesis of Values, Science, Spirituality and Technology is a feature of **Yogidham Gurukul** that sets it apart, as an 'organization with a difference', and as an 'organization that makes a difference'.

## Education In The Ambience Of Divinity

## H.D.H. Shree Hariprasad Swamiji Maharaj

Inspirer - Founder - Yogi Divine Society, Haridham, Sokhada

Education with fragrance of humanity, divinity and amity can plant truthfulness, righteousness, selflessness, forgiveness and faith in oneself; to reap trust, greatness, harmony and reconciliation. Thus, one can be free from feelings like hatred, ego, envy & obstinacy to get real success in life. That is called true '**ATMIYATA**' (spiritual harmony), which is just the other way to foster the principle of '**SAMP**', '**SUHRADBHAV**' and '**EKTA**'.

By the grace of **Lord Swaminarayan**, we have developed such pattern of education at **Atmiya University-Rajkot**, where state of the art learning resources with divine touch of '**Atmiyata**' nurture every individual in unique way to realize one's dream to become an 'ideal **human being** !

**Guruhari Yogiji Maharaj**, as the fourth heir in the tradition of Gunatit Saints, was the epitome of saintliness. He created a Commune of educated "Sadhus" and put forth a mission – "**My heart is all for the Youth**". His compassionate love was expressed through his special interest in channelizing the Youth towards a life of righteous conduct and spirituality.

YOGIDHAM is a unique Educational **Gurukul** blessed with the divinity of **Lord Swaminarayan** and the spiritual principles of **Guruhari Yogiji Maharaj**. The environment of this educational center provides spiritual nourishment that reinforces the rich cultural and spiritual traditions of Indian culture. Here, the focus is to inculcate the fundamental values of morality and ethics along with the basic aim of imparting quality education; thereby we seek to build characters that will be recognized for their positive attitude, discipline, determination and integrity of character. These individuals will be the pride of their families, society and nation.

With sincere prayers and blessings for you all to be able to experience and enjoy real peace, bliss and happiness.

## Yogidham Gurukul - Academic Journey

## P. P. Tyagvallabh Swamiji

Founder President - Atmiya University, Rajkot

**"GURU"** is a teacher who steers "**SHISHYA's**" life; He is a spiritual mentor who leads the Shishya (learner) from darkness and ignorance to wisdom, bliss and enlightenment. Guru-Shishya parampara has been an inevitable component of education since ages. It has amalgamated the convention of a living and learning correlation, involving Guru and Shishya, and has been signifying the emotional, intellectual and spiritual bond between them. We strongly believe in **GURU SHISHYA PARAMPARA** since it has nurtured a dream of molding the future citizens of our motherland by equipping them with the latest and the best knowledge in the ambience of a GURUKUL. This is the sole endeavor of setting up **YOGIDHAM GURUKUL** which is analogous to **"ASHRAM"**. Here immense care is taken to ensure the emotional, intellectual and spiritual development of students in tune with revered GURU and SAINT.

'Journey of thousand miles begins with a firm step'. This proverb should be expanded by adding three words, '**in right direction!**' Under the auspices of **H.D.H. Hariprasad Swamiji Maharaj** - Imbibing the essence of Atmiyata – a feeling of relationship and responsibility for humanity and nature at large is the essence in the motto – "**सुहृदं सर्वभूतानाम्**" of the newly formed **Atmiya University**. As it is this very understanding of relatedness with everyone and everything that surrounds you, makes you a "**Responsible**" human being and "**Ethical**" in your way of living.

Education is a medium and channel through which we can inculcate through creating the ecosystem in the form of "**Sanskar**" and facilitating the understanding about the **clarity of purpose of life**, the **aspirations of human being**, values for sustained relationships with mutual happiness as a goal, skills to produce basic needs for humans leading to prosperity and mutual enrichment with nature – eventually living in harmony and working with ethics with both humans and nature at large. That makes it 'Universal' in true sense!

**It will definitely be instrumental in blossoming enlighten souls and visionary leaders for creation of harmonious humane society !**

# CENTER FOR UNIVERSAL HUMAN VALUE EDUCATION

## Jeevan Vidya at Fulcrum

The purpose of UHVE is to broaden individuals' minds and develop critical thinking abilities, so one can live a self-aware life with the ability to address multiple dimensions of human living viz. material, ecological, behavioural, social, intellectual & spiritual. These dimensions have an impact not only on an individual's life, but also on their family, society, nation and inter-nation relations. This understanding ultimately develops a sense of humane global citizenship and fosters a sense of unity among the diversity.

In other words, UHV can lead to knowledge, wisdom, awareness, humanness, peace and foster an Undivided human society, Balance in nature and a Universal human order. This 'understanding' enables the formation of a vision for Humane education, Humane conduct, and Humanistic constitution. UHV based education model proposes humanization of education.

President of Atmiya University P. P. Tyagvallabh Swamiji along with senior administrators and faculty members initially went through number of shivir & training programs on Universal Human Values which profounded the vision of Universal Human Value Education (UHVE). Following to this UHVE has been integrated in the mainstream education at the university through academic & other interventions.

Human living can be seen as encompassing the 4 levels viz., Individual, Family, Society & Nature / Existence. On self-investigation one wants to be in Harmony at all 4 levels of living:

Harmony in Individual resulting in HAPPINESS and a feeling of PROSPERITY.

Harmony in Family resulting in MUTUAL FULFILMENT in RELATIONSHIP & PROSPERITY in the FAMILY.

Harmony in Society resulting in a TRUSTFUL, UNDIVIDED and UNIVERSAL Society.

Harmony in Nature/Existence resulting in UNDERSTANDING the inherent CO-EXISTENCE.

---

## ***Value Education for Consciousness Development***

**E**ducation is meant to enable understanding of the needs of the individual, family, society and nature and its interconnectedness. It is meant to instil the capability to fulfil all these needs. This leads to mental well being (realization and understanding), harmony in relationships (with humane conduct) and material fulfilment (with physical work and sustainability) in each one of us. This can bring the qualitative transformation in a human being as per the vision of Atmiya University and can effectively help us evolve the human consciousness.

The role of education is thus to provide such a content, process and environment that can shape such an individual. Hence the title – Value Education for Consciousness Development (VECD).

### **Qualities as Outcome:**

- ✓ Self confidence      ✓ Respect excellence in other humans      ✓ Sociable Behavior
